

**Volume II: Annexures**  
**Contents**

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
1.1	Salient features of Godavari (Inchampalli) - Cauvery (Grand Anicut) link project	1
1.2	Salient features of Inchampalli barrage	4
1.3	Salient features of Nagarjunasagar project	6
1.4	Salient features of Somasila project	10
1.5	Salient features of Grand Anicut	13
1.6	Land use statistics of the districts for the year 2014-15 (estimated)	15
4.1.1	Test results of soil samples pertaining to borrow areas (Reach I)	17
4.1.2	Test results of soil samples pertaining to borrow areas (Reach II)	19
4.1.3	Test results of soil samples pertaining to borrow areas (Reach III)	22
4.2.1	Statement showing reach wise requirement and availability of earth (Reach I)	27
4.2.2	Statement showing reach wise requirement and availability of earth (Reach II)	29
4.2.3	Statement showing reach wise requirement and availability of earth (Reach III)	30
4.3	List of Quarry sites for Fine Aggregate (Natural sand)	32
4.3.1	Test results and availability of fine aggregates (Reach I)	33
4.3.2	Test results and availability of fine aggregates (Reach II)	38
4.3.3	Test results and availability of fine aggregates (Reach III)	41
4.4.1	Test results and availability of coarse aggregates (Reach-I)	45
4.4.2	Test results and availability of coarse aggregates (Reach II)	53
4.4.3	Test results and availability of coarse aggregates (Reach III)	56
5.1	Development of Gross annual yield series for the period 1901-02 to 2010-11	57
5.2	Annual irrigation and utilisation (designed) from existing major, medium and minor projects on Godavari basin between SRSP and Inchampalli	61
5.3	Annual irrigation and utilisation (designed) from ongoing major, medium and minor projects on Godavari basin between SRSP and Inchampalli	67
5.4	Annual irrigation and utilisation from proposed major, medium and minor projects on Godavari basin between SRSP and Inchampalli	71
5.5	Computation of net water requirement in Godavari basin between Sri Ram Sagar Project and Inchampalli barrage	78
5.6	Water Balance in Indravati sub basin	79
5.7	Annual utilisation from the proposed major and medium projects on Indravati in Chhattisgarh	80
5.7.1	Water Balance in Muneru sub basin	82
5.7.2	Water Balance in Palleru sub basin	83
5.7.3	Water Balance in Musi sub basin	84
5.7.4	Water Balance at Nagarjunasagar dam site in Krishna basin	85
5.8	Development of net/surplus annual yield series for the period from 1981-82 to 2010-11	86
5.9	Abstract of Daily simulation of Godavari (Inchampalli) barrage for the period from 1981-2011(considering the catchment between SRSP and Inchampalli and using Perur G&D data)	87
5.10	Abstract of Daily simulation of Godavari (Inchampalli) barrage for the period from 1981-2011(Considering only Indravati flows and using Pathagudem G&D data)	88
5.11	Elevation-Area-Capacity Table of Inchampalli barrage pond	89
6.1	Computation of Rugosity constant for Inchampalli Barrage from Perur G&D site	90
6.1.1	Hydraulic design of Inchampalli Barrage on Godavari river	92

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
6.1.2	Hydraulic design of Barrage on Godavari river	101
6.1.3	Design of Road slab on Barrage	108
6.1.4	Design of Radial Gate on River sluices at Inchampalli	111
6.2.1	Design of Canal Sections and Tunnel Section	113
6.2.2	Design of Canal Sections and Tunnel Section	122
6.2.3	Cutoff statement for the peak discharge in July	129
6.3.1	Hydraulic Particulars of Link Canal reach - I	132
6.3.2	Hydraulic Particulars of Link Canal reach - II	136
6.3.3	Hydraulic Particulars of Link Canal reach - III	138
6.4	Branch canal design	139
6.5.1	Head loss statement of Reach I	143
6.5.2	Head loss statement of Reach II	154
6.5.3	Head loss statement of Reach III	169
6.6.1	Hydraulic Design of the Aqueduct Across Akeru River at R.D 153.590 km (Structure number 119)	188
6.6.2	Hydraulic design of aqueduct across Musi river (sample design)	200
6.6.3	Design of power house at the offtake of link canal from Nagarjunasagar (Preliminary dimensions)	208
6.7.1	Hydraulic Design of the Super Passage Across Salivagu at R.D 81.600 km.(Structure Number 54 )	209
6.7.2	Hydraulic design of super passage across Peddavagu at RD 563.541 km (Structure No.446 )	221
6.8.1	Hydraulic Design of the Syphon Aqueduct Across Hallia River at R.D 260.700 km (Structure Number 202)	231
6.8.2	Hydraulic design of the canal syphon across Palerunadi tributary at RD 576.776 km (Structure No. 459)	246
6.9.1	Hydraulic Design of the Under Tunnel at R.D 183.950 km (Structure No. 141)	254
6.9.2	Hydraulic design of the under tunnel at RD 632.421 km (Structure No. 507)	259
6.10	Design features of road bridges	263
6.11.1	Hydraulic Design of the Cross Regulator at R.D 97.500 km near Lead Canal to SRSP (Kakatiya Canal) (Structure Number 62)	272
6.11.2	Hydraulic design of cross regulator at RD 529.406 km (Structure No. 416)	280
6.12	Lifting arrangements	287
6.13	Design of Canal Power House at Musi Reservoir (RD 199.150 km)	317
7.1	Effect of link diversion on Nagarjunasagar and Somasila reservoir space	323
8.1	Normal Rainfall during Monsoon (mm) in the vicinity of Command Area	325
8.2	Normal Rainfall during Non-Monsoon (mm) in the vicinity of Command Area	326
8.3	Normal Rainfall (mm) in the vicinity of Command Area (1981-2010)	327
8.4	Monthly Normal Maximum and Minimum Temperature (°C) in the vicinity of Command Area (1981-2010)	328
8.5	Relative Humidity (%) in the vicinity of Command Area (1981-2010)	330
8.6	Mean Wind Speed (km/hr) in the vicinity of Command Area (1981-2010)	332
8.7	Potential Evapo-transporation(PET), in mm, in the vicinity of Command Area	333

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
8.8	Cloud Cover (Oktas) in the vicinity of Command Area (1981-2010)	335
8.9	Computation of crop water requirement for the enroute command area based on climatological data of Hanumakonda and Khammam IMD stations	337
8.10	Month wise gross irrigation requirements for the new area under lead canal (By lift) of Kakatiya Canal stage-II	341
8.11	Month wise gross irrigation requirements for the area under Kakatiya Canal stage-II	342
8.12	Monthly crop water requirements for the area under Srisailam left bank canal (Direct from link canal)	343
8.13	Monthly crop water requirements for the area under Srisailam LBC (Through AMRLIS from Nagarjunasagar)	344
8.14	Month wise gross irrigation requirements for the new area under Gottimukkala feeder	345
8.15.1	Computation of crop water requirement for the proposed command enroute the link canal between Nagarjunasagar and Somasila by climatological approach using modified Penman's method	346
8.15.2	Month-wise gross requirement for the existing command under NSRBC	350
8.15.3	Monthly crop water requirements for the enroute areas between Nagarjunasagar and Somasila, (beyond Chundi branch canal)	351
8.16	Computation of crop water requirement for the enroute command between Somasila and Grand Anicut by climatological approach using modified Penman's method (Pennar and streams between Pennar and Palar)	352
8.16.1	Monthly crop water requirement for the enroute command in Pennar and streams between Pennar and Palar	355
8.17	Computation of crop water requirement for the command between Somasila and Grand Anicut by climatological approach using modified Penman's method (Palar basin)	356
8.17.1	Monthly crop water requirements for the enroute command areas in Palar basin	359
8.18	Computation of crop water requirement for the enroute command between Somasila and Grand Anicut by climatological approach using modified Penman's method (Streams between Palar and Cauvery)	360
8.18.1	Monthly crop water requirements for the enroute areas in streams between Palar and Cauvery basin	363
8.19	Computation of municipal & industrial water requirement	364
8.20	Reachwise / district wise benefitted areas in the proposed command area	367
8.21	Month-wise requirements of various command areas served by link canal(Between Inchampalli and Grand Anicut)	369
9.1	Power requirement of link project at Stage I: RD 0.00 km	371
9.2	Details of power generation	380
10.1	Construction Schedule	382
10.2	Annual financial outlay	383
11.1	Details of land acquisition for the link project	384
11.1.1	Details of Land Acquisition for Main Canal - Reach I	386
11.1.2	Details of Land Acquisition for Lead Canal	387
11.1.3	Details of Land Acquisition for Rehabilitation Colonies	388
11.1.4	Details of Land Acquisition for Power House, Pump Houses, Offices and Staff Colonies	389
11.1.5	Details of Land Acquisition for Borrow Areas	390

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
11.1.6	Details of Land Acquisition for Main Canal - Reach II & III	395
11.2	Details of manpower/ employment generated in the link canal project	397
13.1	Abstract of cost of link project	398
13.1.1	Unit - I: Headworks - Abstract of cost	399
13.1.2	Unit - II: Conveyance system - Abstract of cost	400
13.1.3	Unit - III: Powerhouse - Abstract of cost	401
13.1.4	Unit - IV: Lifting arrangements - Abstract of cost	402
	<b>Reach -I (Inchampalli- Nagarjunasagar)</b>	
I.13.1	Project cost	403
I.13.2	<b>Unit -I : Head works - Abstract of cost</b>	404
I.13.2.1	C-Works - Cost estimate of barrage and head regulator at Inchampalli across river Godavari	405
I.13.2.2	M- Plantation	407
I.13.2.3	Q- Special tools & plants	408
I.13.2.3.1	Estimate for Q- Special tools & plants	409
I.13.2.4	R- Communications	410
I.13.2.5	X- Environment and ecology	411
I.13.3	<b>Unit - II : Conveyance system - Abstract of cost</b>	412
I.13.3.1	B- Land General Abstract	413
I.13.3.1.1	Cost of land acquisition for main canal, offices, staff colonies	414
I.13.3.1.2	Cost of land acquisition for distributary system	415
I.13.3.1.3	Cost of land acquisition for field channels	416
I.13.3.2	General Abstract - Regulators	417
I.13.3.2.1	Cost of cross regulators on link canal	418
I.13.3.2.2	Cost of offtake sluices of branch canal from link canal	419
I.13.3.3	F- Cross drainage works Abstract	420
I.13.3.3.1	Cost of aqueducts/Syphon aqueducts	421
I.13.3.3.2	Cost of undertunnels	423
I.13.3.3.3	Cost of superpassages	426
I.13.3.4	G- Bridges Abstract	428
I.13.3.4.1	Cost of single lane road bridges	429
I.13.3.4.2	Cost of double lane road bridges	433
I.13.3.4.3	Cost of railway bridges	434
I.13.3.5	H- Escapes	435
I.13.3.6	K- Buildings	436
I.13.3.6.1	Details of Residential buildings	437
I.13.3.6.2	Details of non-residential buildings	438
I.13.3.7	L- Earthwork and lining General Abstract	439
I.13.3.7.1	Details of earthwork for main canal	440

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
I.13.3.7.2	Earthwork for tunnel	447
I.13.3.7.3	Cost of earthwork for branch canals	448
I.13.3.7.4	Estimate for lining of link canal	449
I.13.3.7.5	Estimate for lining of tunnel	451
I.13.3.7.6	Estimate for lining of branch canals	452
I.13.3.8	M - Plantation General Abstract	453
I.13.3.9	N - Tanks & reservoirs General Abstract	454
I.13.3.10	O - Miscellaneous General Abstract	455
I.13.3.11	P- Maintenance General Abstract	456
I.13.3.12	Q- Special Tools & Plants General Abstract	457
I.13.3.12.1	Estimate for Q-Special Tools & Plants	458
I.13.3.13	R- Communication General Abstract	459
I.13.3.14	U- Distributaries, minors and sub-minors & V Water Courses General Abstract	460
I.13.3.15	W- Drainage & X-Environment & ecology	461
I.13.4	<b>Unit-III : Power house - Abstract of cost</b>	462
I.13.4.1	G- Bridges General Abstract	463
I.13.4.2	J - Power plant civil works General Abstract	464
I.13.4.3	R - Communications General Abstract	465
I.13.4.4	S- Power plant electrical works General Abstract	466
I.13.5	<b>Unit-IV : Lifting Arrangements - Abstract of cost</b>	467
I.13.5.1	Cost estimate of J&S - Pumphouse civil & electrical works for the lifting arrangements	470
	<b>Reach -II (Nagarjunasagar-Somasila)</b>	
II.13.1	Abstract of cost of link project	473
II.13.2	<b>Unit -I : Head works - Abstract of cost</b>	474
II.13.2.1	C-Works - General abstract	475
II.13.2.2	O- Miscellaneous - General abstract	476
II.13.2.3	R- Communication - General abstract	477
II.13.3	<b>Unit-II : Conveyance system - Abstract of cost</b>	478
II.13.3.1	B-Land General Abstract	479
II.13.3.1.1	Cost of land acquisition for main canal, power house, rehabilitation colonies, offices and staff colonies	480
II.13.3.1.2	Cost of land acquisition for branches & distributary system	482
II.13.3.1.3	Cost of land acquisition for field channels	483
II.13.3.1.4	Village-wise land value rates per ha enroute the link canal	484
II.13.3.2	D-Regulators - General Abstract	488
II.13.3.2.1	Estimate for the construction of regulator at RD 33.61 km of Nagarjunasagar RBC	489

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
II.13.3.2.2	Estimate for the construction of regulator at RD 178.1 km of Nagarjunasagar RBC	493
II.13.3.2.3	Computation of average rate of escalation and projection of cost of other regulators to 2017-18 cost level	497
II.13.3.2.4	Cost of cross regulators on link canal	498
II.13.3.2.5	Cost of offtake sluices of branch canal from link canal	500
II.13.3.2.6	Cost of cross regulator and offtake sluices on branch canals	501
II.13.3.3	F- Cross drainage works - General Abstract	502
II.13.3.3.1	Estimate for the construction of Aqueduct across Tallapallivagu at RD 12.350 km of Nagarjunasagar RBC	503
II.13.3.3.2	Estimate for the construction of Aqueduct across Chandravanka river at RD 17.950 km of Nagarjunasagar RBC	506
II.13.3.3.3	Estimate for the construction of Aqueduct across Naguleru river at RD 55.946 km of Nagarjunasagar RBC	508
II.13.3.3.4	Estimate for the construction of Aqueduct across Chapptivagu river at RD 121.928 km of Nagarjunasagar RBC	512
II.13.3.3.5	Computation of average rate of escalation and projection of cost of other Aqueducts to year 2017-18 price level	514
II.13.3.3.6	Cost of aqueducts/canal syphons	516
II.13.3.3.7	Cost of undertunnels	518
II.13.3.3.7.1	Cost curve for undertunnels	522
II.13.3.3.7.2	Computation of average rate of escalation and projection of cost of other undertunnels to year 2017-18 cost level	523
II.13.3.3.8	Cost of superpassages	524
II.13.3.3.8.1	Cost curve for superpassages	528
II.13.3.3.8.2	Computation of average rate of escalation and projection of cost of other superpassages to 2017-18 cost level	529
II.13.3.4	G- Bridges General Abstract	530
II.13.3.4.1	Cost of road bridges	531
II.13.3.4.2	Cost estimate of single lane road bridge at RD 57 km	535
II.13.3.4.3	Quantity estimation of single lane road bridge at RD 57 km	543
II.13.3.4.4	Cost estimate of double lane road bridge at RD 68 km	550
II.13.3.4.5	Quantity estimation of single lane road bridge at RD 68 km	556
II.13.3.4.6	Cost of railway bridges	563
II.13.3.4.7	Cost of foot bridges	564
II.13.3.5	H- Escape regulators	565
II.13.3.6	K- Buildings	566
II.13.3.6.1	Details of Residential buildings	567
II.13.3.6.2	Details of Non-Residential buildings	568
II.13.3.7	L-Earthwork and Lining - General Abstract	569
II.13.3.7.1	Details of earth work for main canal	570

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
II.13.3.7.2	Details of lining for link canal	578
II.13.3.7.3	L- Earthwork	579
II.13.3.7.4	Details of earth work and cost for branch canals	582
II.13.3.7.5	Quantity estimate of tunnel from RD 302.836 km to 304.166 km	583
II.13.3.7.6	Cost estimate of tunnel from RD 302.836 km to 304.166 km	585
II.13.3.8	M- Plantation General abstract	588
II.13.3.9	N- Tanks and reservoirs General abstract	589
II.13.3.10	O- Miscellaneous General Abstract	590
II.13.3.11	P- Maintenance General abstract	591
II.13.3.12	Q- Special tools and plants General abstract	592
II.13.3.13	R- Communication General abstract	594
II.13.3.14	U&V- distributaries, minors and subminors water courses and field channels General abstract	595
II.13.3.15	X- Environment and ecology General abstract	596
II.13.3.16	V- Receipts and recoveries General abstract	597
II.13.4	<b>Unit - III : Power House - Abstract of cost</b>	598
II.13.4.1	G-Bridges - General abstract	599
II.13.4.2	J-Power plant civil works - General abstract	600
II.13.4.3	R-Communications - General abstract	601
II.13.4.4	S-Power plant electrical works - General abstract	602
	<b>Reach -III (Somasila-Cauvery)</b>	
III.13.1	Abstract of cost of link project	603
III.13.2	<b>Unit -I : Head works - Abstract of cost</b>	604
III.13.2.1	Estimate for the tunnel at offtake at head works	605
III.13.3	<b>Unit-II - Conveyance system - Abstract of cost</b>	607
III.13.3.1	Unit-II Canal - Abstract cost of B- Land	608
III.13.3.1.1	Cost of land acquisition for main canal, offices, staff colonies and borrow area (SGA canal)	609
III.13.3.1.1.1	Computation of average cost of land acquisition	610
III.13.3.1.1.2	Village-wise land value rates per acre enroute the link canal	611
III.13.3.1.1.3	Village-wise land value rates per acre enroute the link canal (High Level Canal)	618
III.13.3.1.2	Cost of land acquisition for branch canal of SGA canal	621
III.13.3.2	Abstract of cost of D-Regulators	622
III.13.3.2.1	Cost of cross/head regulators on link canal	623
III.13.3.2.1.1	Estimate for the construction of regulator at RD 33.61 km of Nagarjunasagar RBC	624

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
III.13.3.2.1.2	Estimate for the construction of regulator at RD 178.1 km of Nagarjunasagar RBC	627
III.13.3.2.1.3	Computation of average rate of escalation and projection of cost of other regulators to 2018-19 price level (in Tamil Nadu portion)	630
III.13.3.2.1.4	Cost curve for Cross regulators	631
III.13.3.2.2	Cost of offtake sluices of branch canal from the link canal	632
III.13.3.2.3	Cost of cross regulator and offtake sluices on branch canal of SGA canal	633
III.13.3.3	F - Cross drainage works- Abstract of cost	634
III.13.3.3.1	Cost of aqueducts/syphon aqueducts along the link Canal	635
III.13.3.3.1.1	Estimate for the construction of Aqueduct across Tallapallivagu at RD 12.350 km of Nagarjunasagar RBC	637
III.13.3.3.1.2	Estimate for the construction of aqueduct across Chandravanka river at RD 17.950 km of Nagarjunasagar RBC	640
III.13.3.3.1.3	Estimate for construction of aqueduct across the Naguleru river at RD 55.946 km of Nagarjunasagar RBC	642
III.13.3.3.1.4	Estimate for construction of aqueduct across the Chapptivagu river at RD 121.928 km of Nagarjunasagar RBC	646
III.13.3.3.1.5	Computation of average rate of escalation and projection of cost of other aqueducts to year 2018-19 price level	648
III.13.3.3.1.6	Cost Curve for Aqueducts	649
III.13.3.3.2	Cost of Canal syphon and Super passages along the link Canal	650
III.13.3.3.2.1	Estimate for the construction of super passage at RD 1.93 km of Nagarjunasagar RBC	651
III.13.3.3.2.2	Estimate for the construction of super passage at RD 96.921 km of Nagarjunasagar RBC	654
III.13.3.3.2.3	Estimate for the construction of super passage at RD 109.781 km of Nagarjunasagar RBC	656
III.13.3.3.2.4	Estimate for the construction of super passage at RD 111.35 km of Nagarjunasagar RBC	660
III.13.3.3.2.5	Estimate for the construction of super passage at RD 199.73 km of Nagarjunasagar RBC	664
III.13.3.3.2.6	Computation of average rate of escalation and projection of cost of other superpassages to year 2018-19 price level	666
III.13.3.3.2.7	Cost Curve for Superpassages	667
III.13.3.3.3	Cost of aqueducts / syphon aqueducts / canal syphones / superpassages along the branch canal of SGA canal	668
III.13.3.3.4	Cost of undertunnels	669
III.13.3.3.4.1	Estimate for the construction of under tunnel at RD 15.523 km of Nagarjunasagar RBC	674
III.13.3.3.4.2	Estimate for the construction of under tunnel at RD 34.507 km of Nagarjunasagar RBC	676
III.13.3.3.4.3	Estimate for the construction of under tunnel at RD 36.455 km of Nagarjunasagar RBC	678

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
III.13.3.3.4.4	Estimate for the construction of under tunnel at RD 39.298 km of Nagarjunasagar RBC	680
III.13.3.3.4.5	Estimate for the construction of under tunnel at RD 47.685 km of Nagarjunasagar RBC	682
III.13.3.3.4.6	Estimate for the construction of under tunnel at RD 52.996 km of Nagarjunasagar RBC	684
III.13.3.3.4.7	Computation of average rate of esclation and projection of cost of other under tunnels to 2018-19 price level	686
III.13.3.3.4.8	Cost curve for undertunnels	687
III.13.3.3.5	Cost of under tunnels along the branch canal of SGA canal	688
III.13.3.4	G-Bridges - General abstract	689
III.13.3.4.1	Cost of estimate of single lane road bridges along the link canal	690
III.13.3.4.1.1	Cost of estimate of single lane road bridge at RD 92.150 km of SGA canal	694
III.13.3.4.1.2	Cost of estimate of single lane road bridge at RD 362.345 km of SGA canal	701
III.13.3.4.2	Cost of double/four lane road bridges along the link canal	708
III.13.3.4.2.1	Cost of estimate of double lane road bridge at RD 158.175 km of SGA canal	709
III.13.3.4.2.2	Cost of estimate of double lane road bridge at RD 183.594 km of SGA canal	716
III.13.3.4.3	Cost of cart track bridges on link canal	723
III.13.3.4.4	Cost of railway bridges along the link canal	724
III.13.3.4.5	Cost of single/double/four lane road bridges, railway bridges and cart tracks along the branch canal of SGA canal	725
III.13.3.5	H-Escape regulators - General abstract	726
III.13.3.5.1	Cost of escape regulators along the main canal	727
III.13.3.5.2	Cost of escape regulators along the branch canal of SGA canal	728
III.13.3.6	K- Buildings	729
III.13.3.6.1	Staff strength for computation of cost of residential building	730
III.13.3.6.2	Details of Residential buildings	731
III.13.3.6.3	Details of Non-Residential buildings	732
III.13.3.7	L-Earthwork	733
III.13.3.7.1	Cost estimate of earth work and concrete lining for SGA canal	734
III.13.3.7.1.1	Abstract of estimate of Earth work and concrete lining for SGA canal	737
III.13.3.7.1.2	Cost estimate of tunnel from RD 8.700 to 9.700 km of SGA canal	738
III.13.3.7.3	Cost estimate of tunnel from RD 134.5 km to 137.6 km of SGA canal	739
III.13.3.7.4	Cost estimate of earth work and lining for the branch canal of SGA canal	740
III.13.3.8	M-Plantation - Abstract of cost	741
III.13.3.9	O-Miscellaneous - General Abstract	742

<b>Annexure</b>	<b>Description</b>	<b>Page No.</b>
III.13.3.10	R-Communication - General abstract	743
III.13.3.11	U&V - distributaries, minors and subminors water courses and field channels - General abstract	744
III.13.3.12	X-Environment and ecology, W - Drainage	745
III.13.4	<b>Unit-IV Lifting arrangements - Abstract of cost</b>	746
III.13.4.1	J-Pump house civil works	747
III.13.4.1.1	Escalation calculation of J-Pump house civil works	748
III.13.4.2	S-Pump house Electrical & Mechanical works and transmission scheme - General Abstract of pump house at headworks	749
III.13.4.2.1	Escalation calculation of S-Pump house electrical & mechanical equipments	750
III.13.5	Work item rates as per standard data of Govt. of Andhra Pradesh	751
III.13.6.1	Rate analysis for various items of works in Tamil Nadu portion for DAW	766
III.13.6.2	Rate analysis for various items of works in Tamil Nadu portion for TAW	777
III.13.6.3	Rate analysis for various items of works in Tamil Nadu portion for CAW	791
III.13.6.4	Rate analysis for various items of works in Tamil Nadu portion for CCDW	806
14.1	Abstract of benefits from the link project	827
14.2.1	Gross value of produce	828
